

WOOD PROJECT 2018

Dear family and friends,

What will you do if there is a family with two children and they do not have wood for their stove, which means they have to live in a cold house and are not able to cook?

Well, that is quite simple! We buy wood, saw it into small pieces and bless the family with it. Did they really need it? Yes, it

was -15 degrees Celsius and snowing.

We are glad that we were able to do so. The family was very grateful, because they can cook and heat their house. It was a hard situation for the family, especially because both father and mother have disabilities and have a 300 Lei (€ 65,-) pension to spend per month.

Like last year, we would like to make families happy with a 'carouts' (this is a car) filled with wood. One carouts costs 800 Lei, which is € 180,-.

We would like to give 5 carouts's. That comes down to

€ 900,-. We would like to ask you for help to bless families with a carouts full of wood. You can donate an amount to the account at the bottom of this letter. Thank you very much in advance.

best regards and God Bless You

Tu Salut Dumnezeu sa va binecuvanteze
