

“GROW TOGETHER”

Dear family, friends and followers,

As you are aware, we have started a new program. A nice program in which we can supply a warm meal to nine elderly people. It was a bit strange for them at first, but they are now liking it when we come by with the food. They appreciate the meals and find them tasty and some are really looking forward to the arrival of the next meal. Cornelia, the cook, enjoys doing it and has been on the road with us to deliver the meals and was impressed and found it special that she was part in this. With two elderly it is sometimes a challenge to go by, as they live quite remote and when it rains it is impossible to get there by car. Then all what is left is to go by feet. Gert, our loyal volunteer who helps us now for the third year, has been there several times now. Through wind and weather and he enjoys to see the happy faces he comes along and brings the meals. We are grateful for Gert and his friend Hafid for the help they offer. It feels as a blessing of God and we are grateful to Him. At this moment Gert is busy in the vegetable garden and you know where he gets his motivation? Right. With the thoughts that we can even more people feed in future.

We pray for a good harvest. Are you praying with us?

Thank you for your support and gift!

Cu salut, Dumnezeu sa va binecuvânteze
