

Dear family, friends and followers,

Even in this crazy times we feel blessed. As we look back on all things which happen and all we still can do. When we hear and see over all what is arranged in the Netherlands by enthusiastic volunteers, both in Alphen aan den Rijn and Barneveld we feel enormously supported. We learned from a carehome that they were to replace

all the curtains and they wondered if they could find a good place to give them a second life. We could think of such a place and are blessed with these nice curtains which are of good quality. They are now ready for shipment at Mathieu's place. We also are blessed by the Mother

Teresa foundation in Ulf. They closed down their shop and had some clothing racks left and we were to have them for our shop in Fintinele. We were pleased to have been mentioned in their newsletter. They wrote and we quote: "Now the shop

is closed, most of the racks are obsolete. For a part we have found a new destination. The foundation Antipas at Alphen aan den Rijn, a christian foundation who runs a magasin with cloth for poor people in Fintinele, in the north-east of Rumania. The first racks have found their way". These two examples make us feel greatfull, thanks for these gifts, we shall take care that they find a good destination. In our earlier letter we wrote about the food parcels we still bring around. Then the temperature was rather low, now conditions are much better with temperatures of around 20 degrees. With these packets we can contact the people and meet them, of course at the proper distance. This allows us to have a conversation and pray for them. When we go over these things we indeed feel blessed here in Fintinele and we want to thank everyone who puts in a lot of effort to help us carry out our commision.

Thank you for your support and gift!

Cu salut, Dumnezeu sa va binecuvânteze
