

Dear family, friends and followers,

Time flies, already 11 month have gone by and at the end of the year we may look back on a blessed but also turbulent year. Surely now, as with Thea there has been diagnosed breast cancer. In spite of this and covid 19 everywhere Cees and Thea feel blessed. Thinking back on, amongst others, the startup of the food program for the elderly, the new coworker for the store and the Easter action for the kids, the financing of a new roof for the house of a Roma family, and the medical supplies, such

as rollers, wheel-chairs, clothing and beds for the old peoples homes, elderly and poor families. And not at least for

Gheorghe, whom we could drive to many churches where he brought the Word of God. But also the sad things, as the pass away of Daniel and three elderly whom we supplied with food. In this all God gives us hope, also now, when we want to reorganize the store project. Over which we shall inform you in

HIGHLIGHTED

From the board, as usual, a retrospect of the past year. Many things have happened. Leon and Arlene are since June in Fintenele and we are pleased that they have decided to stay and to start a new project "Seter Vetsur" under the wings of Antipas. Beside this are we very tense about the things happening around Thea's health. We are awaiting the treatment plans, pray with us that she may receive the strength together with Cees to take the right decisions under these difficult circumstances. In the midst of all this we, as board wish you a blessed X-mas and a prosperous 2022.

our January bulletin. The store has been an enormous blessing, thanks for this.

Then the arrival of Leon and Arlene, our new co-workers who are starting a new project, read about this on page 2. Looking back we see Gods hand.in all things happened here and Conclude that we are blessed in both Holland and Rumania.

"GROW TOGETHER"

As the bible tells: do what you to others as you want to be done to yourselves. Matt. &:12.

As we read this bible verse and see the need of these orphans and those who due to their handicap are rejected by their parents yo want to do something for them. This Leon and Arlene have experienced when they met Iny. Two years ago lby has stayed here for 3 months, but due to circumstances went back toto her

hometown, but now sfter wandering around has returned here shortly after Leon and Arlene arrived here. After many visits, talks and observations and prayer they felt they should start a project to give these group a better life. This has led to the start of the project “Seter Vetsur (Meaning shelter) which they want to start with the help of God in Calinesti, where a piece of land has been bought to build a place for these youngsters> Please pray that they may receive love, patience and wisdom to give

this group a better future. Cees and Thea shall, beside the Fintinele project support them were they can.

We, Cees, Thea, Leon and Arlene wish you a blessed season and a happy 2022.
