

Dear family, friends and followers,

The year 2020 is already halfway and through all the things around the Covid19 all the plans and programs we had planned were laid off. All plans? No, not all! Through the gift from an action in the Netherlands we could help an elderly gentleman, named Axinte in the village of Slobozia.

More over this on our next page. The handing out of the foodparcels went ahead as usual. Besides this we were busy with the vegetable garden and there has been some harvesting already; forcarbages, other vegetables and tomatoes we have to wait a bit longer. This is partially for our own consumption and and for the greater part for the foodparcels. We pray that the harvest maybe abundant and

we can hand out a lot. From June the first we were allowed to open the store again after the lockdown, complying to all the rules, including facemasks, gloves, a screen over the counter etc. etc. Now all is slowly starting again, we learned that the transportsector also is rolling again. Our volunteers have swiftly taken action and we expect the next truckload end of June. At this moment people in Holland are working hard to get all materials and goods ready for

shipment in Barneveld. It is some weeks now that we are in contact with a Rumanian evangelist over cooperation in the region. He has a large network with churches and good connection with the gipsycommunity. In our next letter we will inform you more about this.

Highlights

From the chairman:

Thank you all, on behalf of the whole committee, for all your support, gifts you have donated to the work in Rumania. We hope that we are able to continue this throughout the year and that it may expand, to allow us to do even more for the many children, families and elderly people in this country.

In one of our earlier letters we have written, we asked you if we could mean something to an elderly gentleman, Axinte Mircea from Slobozia. We wanted a good shelter for him, to have a dry and warm place for himself. Your

many reactions were heartwarming. For example, the Rumania-commission from Barneveld has donated a part of their compost-action donated and many other supporters have given some extra money. Also the local church from Banesti has contributed to this. Now, through the goodness of our God and your generosity we have enough funds to build a place for this Axinte.

Thank you all very much! Some men from the Banesti church and a

builder have made plans to this end. (see the pictures) Through the picture pages on our website www.antipas.nl we keep you informed on the progress of this project. Thanks to the building plan, the personal care and

support he regains spirit and we see a sparkle of hope in his eyes when we meet him.
